HAMZA SHEIKH

JUNIOR SOFTWARE DEVELOPER | FRONTEND & REACT NATIVE DEVELOPER

Karachi, Pakistan | hamzasheikh4000@gmail.com | github.com/hamzest007 | LinkedIn

PROFESSIONAL SUMMARY

Frontend and React Native developer with current React Native internship experience and practical work building responsive interfaces and mobile product flows using JavaScript, React.js, Next.js, and React Native CLI. Skilled in reusable components, Tailwind CSS, Redux, navigation, forms, API integration, and local state patterns. Built and contributed to social, reading, simulation, community, e-commerce, and task-management applications documented in GitHub.

TECHNICAL SKILLS

Core: JavaScript, React.js, Next.js, React Native CLI, Tailwind CSS, Redux

Project technologies: TypeScript, React Navigation, Zustand, Firebase Firestore, React Query, Axios, React Router, Socket.IO, MMKV

SELECTED PROJECTS

Connectly | React Native | TypeScript | Admin Center | GitHub

- Implemented mobile social features covering authentication, feed, comments, reactions, saved content, friends, groups, notifications, stories, search, and settings.
- Contributed to modular TypeScript/Express backend modules and a Vite/React admin center for moderation, verification, analytics, configuration, and audit logs.

BookMint | React Native | PDF | Socket.IO | GitHub

- Built reading flows for home, trending, top-rated content, search, personal library, PDF reading, uploads, notifications, and profiles, with service modules for public books, book chat, and real-time communication.

Empire Rise | React Native | TypeScript | Zustand | MMKV | GitHub

- Implemented typed economy-simulator workflows for business acquisition and upgrades, fictional markets, property, missions, achievements, offline earnings, and validated local persistence.

Prifina | React Native | Firebase | React Query | Zustand | GitHub

- Developed community flows with bottom and native-stack navigation, Firebase Firestore, React Query, Axios, Zustand, React Hook Form, and image, document, and audio interactions.

E-commerce Platform | React | Tailwind CSS | Redux | Public demo | GitHub

- Built a React storefront with cart and wishlist state, routing, Tailwind CSS styling, Axios service boundaries, Redux Toolkit, reusable UI assets, and toast feedback; demo: https://hamza-ecommerce.netlify.app.

Task Management App | React | Tailwind CSS | Axios | GitHub

- Built a task-management interface with reusable task rows, route-level screens, Axios service separation, Tailwind CSS styling, and React Toastify feedback states.

PROFESSIONAL EXPERIENCE

React Native Intern | Valus | 6 October 2025 - Present

ReactJS Developer | Remote Tutoring | Jan 2023 - Present

- Developed e-commerce, marketplace, and social-media interfaces with ReactJS, reusable components, and responsive layouts.
- Implemented forms, authentication-related flows, CRUD interactions, file uploads, ordering and cart interactions, and Redux-based state management where applicable.
- Applied component-based patterns and responsive styling to deliver maintainable user-facing features.

EDUCATION

Intermediate in Computer Science | Pakistan Shipowner's Government College | 2023 - 2025
Matric in Computer Science | The Climax English School | 2010 - 2023
